LA CORNUÉ

LE CORNUFÉ

*“I’m a man of simple tastes.
I’m always satisfied with the best.”*

OSCAR WILDE

The CornuFé Series has always been considered an exquisite centerpiece addition to any home. A functional piece of culinary artistry, the series strictly adheres to La Cornue’s century’s old tradition for manufacturing to the highest degree of hand-crafted perfection.

The CornuFé is available in two sizes, with eleven finishes, three trims and in either a dual fuel or induction range model. The dual fuel range features five powerful gas burners and the induction range features a five zone induction cooktop.

Crafted to the same elite standards as our iconic Château, the CornuFé Series truly exhibits the quality and spirit that is La Cornue.

That spirit can be seen within our finishing options. Beginning with the original five hues of our CornuFé Classic Color Collection, two from designer Suzanne Kasler, and now continuing with the introduction of the CornuFé Étoilé Color Collection. Four deep and sumptuous hues, each selected specifically to showcase the elegant detailing and luxurious styling that makes the CornuFé unique.

The four au courant Étoilé Colors sit handsomely side-by-side with our seven original Colors to provide the ultimate in creative culinary customization.

FLAMBERGE RÔTISSERIE

The Flamberge Rôtisserie is a wall-mounted gas rôtisserie designed for residential use. Constructed with a concave rear wall of solid cast iron, it is heated by a powerful gas burner set beneath three motorized spits. Synthetic wicks pull the heat up through the vaulted back of the unit, allowing the radiant heat to gently cook foods as they rotate slowly on a spit over the flame. Porcelain Enamel Drip Tray, two straight metal spits and one fish basket included. The Rôtisserie is a UL-Approved product for residential installation. A gravity flue is not required but may be used as desired. This is a zero-clearance and does not mandate installation within fire-retardant material.

Accent rail for brass option is always brass; Accent rail for chrome option is always polished stainless steel. The polished brass trim is a natural, non-coated metal and will patina over time.

ACCESSORIES

FRENCH PLAQUE ADAPTER

Designed to fit both the CornuFé 90 and 110, the French Plaque provides a large, flat surface for indirect heat – perfect for simmering and slow-cooking. The hand-cast aluminum design holds up to five pots and radiates heat from the center, resulting in multiple heat zones – from high to low.

GRILL & GRIDDLE PLATE

The Grill/Griddle is made of coated cast aluminum and features half grill and half griddle. It's perfect for quick indoor grilling and fits perfectly over the lower left burners on both the CornuFé 110 and 90.

WOK ADAPTER

SET OF 5 BRASS BURNERS

This set of 5 burners are interchangeable with the standard burners that ship with the range. NOTE: *The polished brass trim is a natural, non-coated metal and will patina over time.*
